AIR SHELTER SYSTEMS

MODEL 284

Part # 9316

Model 284 - Three Step Decon System is a rapid deployable, pre-plumbed decontamination shelter designed for emergency use. It has Male-Female "Three-Step" Shower Stalls for dual corridor, simultaneous, non-stop operation. Based on 2 min. for "Decon" and 2 min. for "Rinse" this system can process 30 casualties per hour. Decon Showers are plumbed separate from Rinse Showers to accommodate use of a Decon Solution. All curtains are removable for greater versatility. Remove one of the Shower Stalls to facilitate a Non-Ambulatory Roller System.

- 284 Square Feet
- 4-Minute Auto-Deployment
- Light & Durable
- Scalable
- Multiple Colors
